

SHAPE

the elements of art

SHAPE

- is created when a line meets its own end or if it crosses over itself
- 2 dimensional (flat)

GEOMETRIC SHAPE

- “math shapes”
- shapes that have a name (any-gons, trapezoid, circle)

ORGANIC SHAPE

- shapes without names
- freeform
- natural

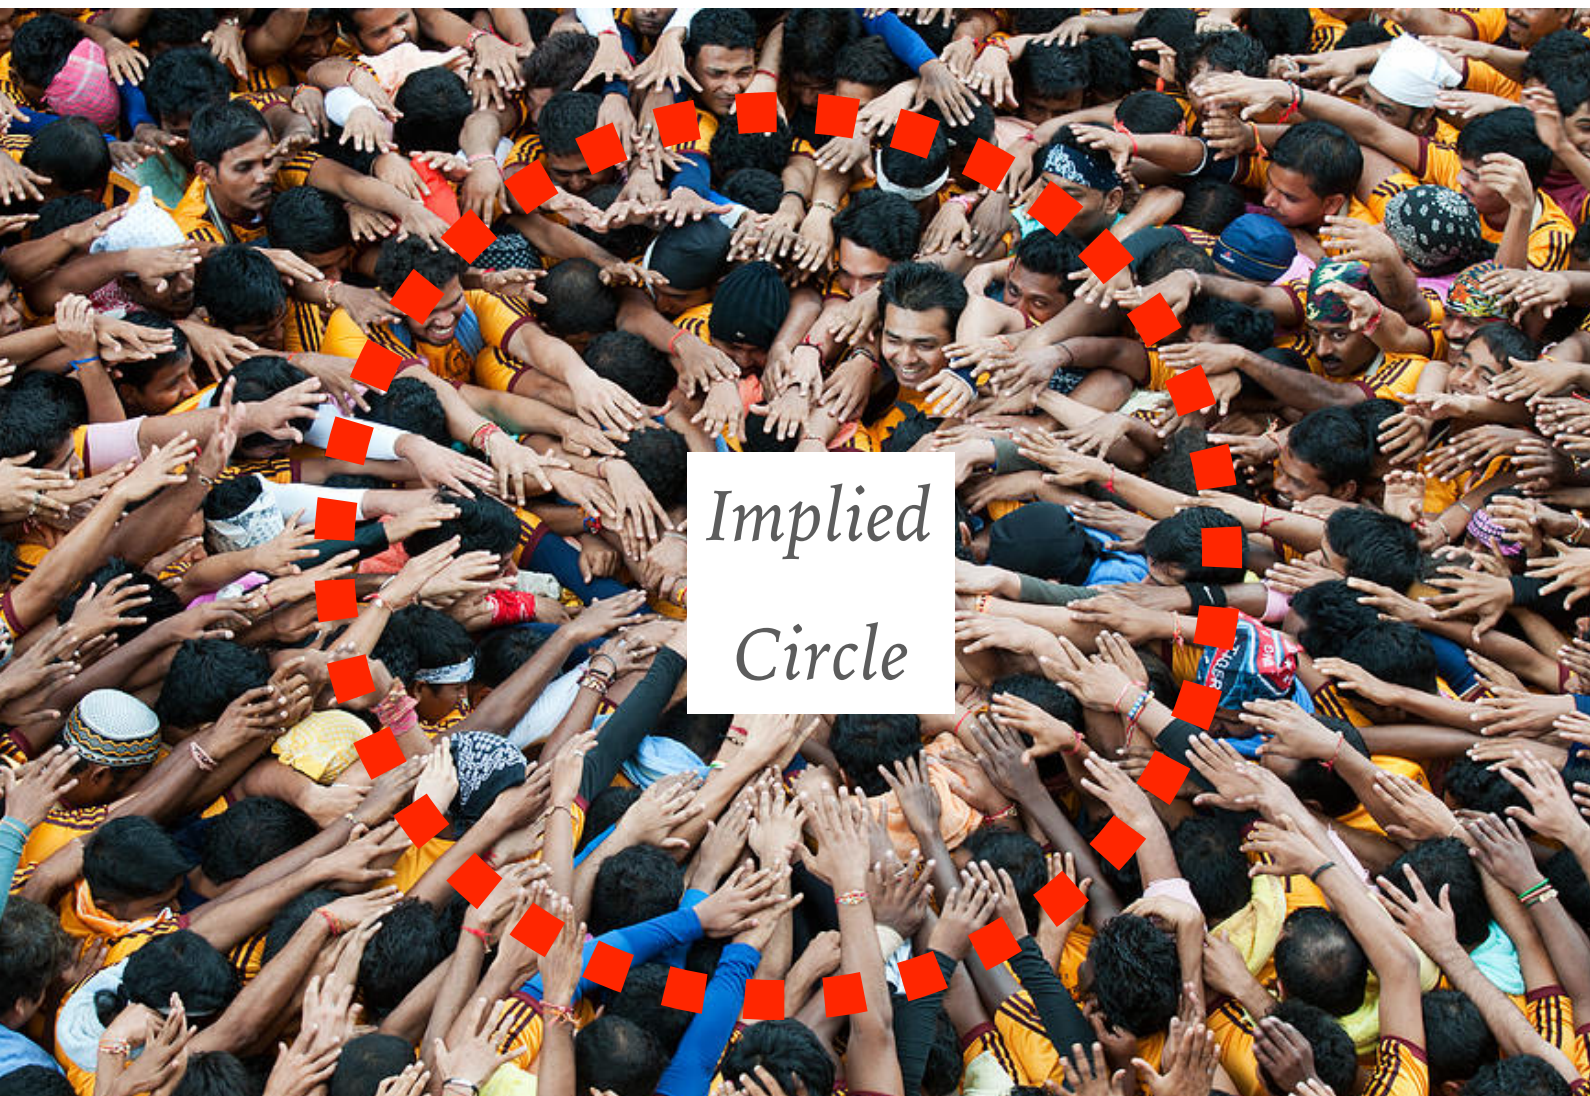

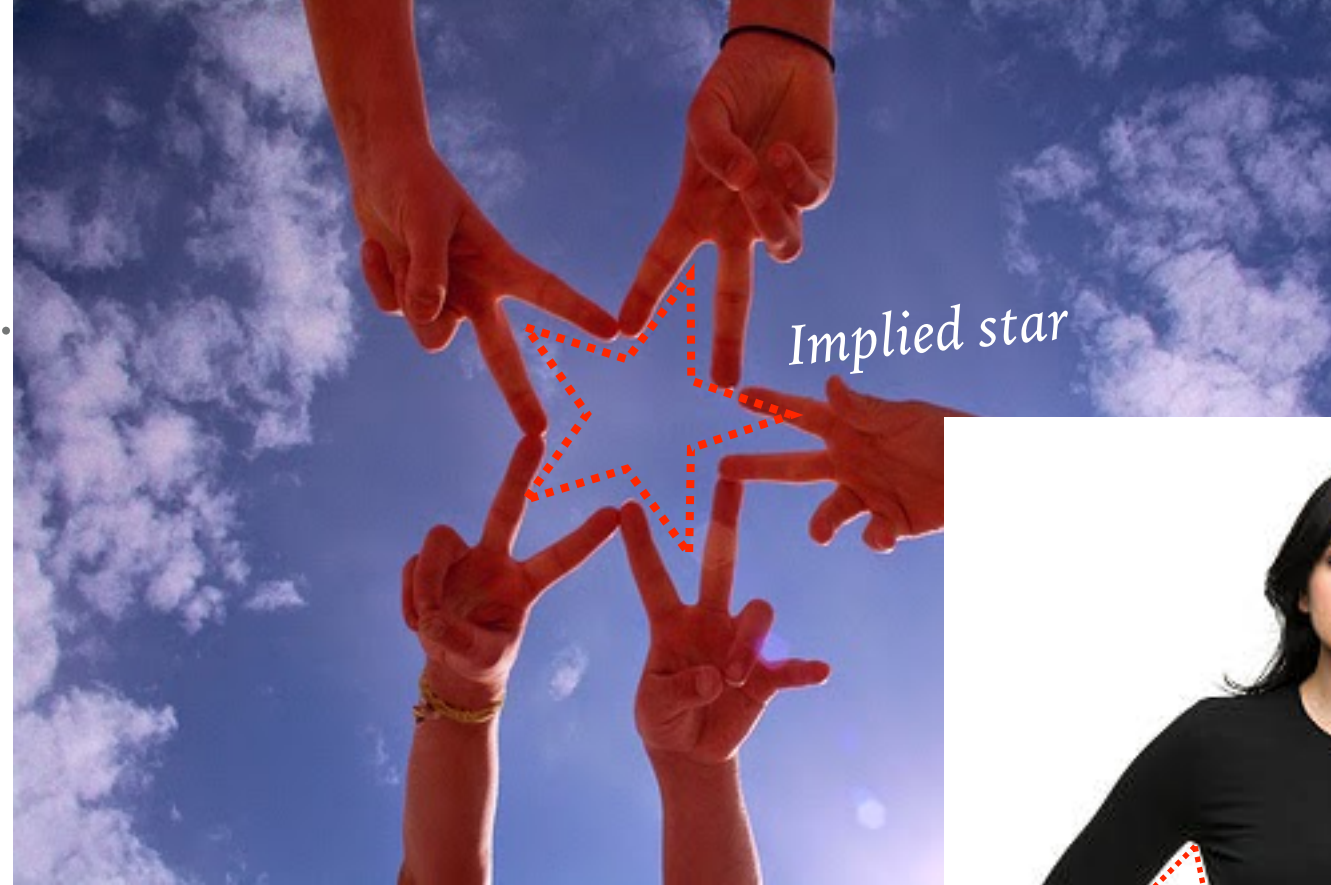

REAL SHAPE

- a shape that is created from a real line

IMPLIED SHAPE

- Our mind creates the shape because of the arrangement of objects.
